So i had my first playsessions with the devs !!! was amazing !!! The game concept is so freaking cool, there are 2 camps, the rogues and rogues operatives, on the rogue camp u can take the shape of any common material and go hide on the map, while the operatives need to find and hunt you down, with a detector, and shoot you dead.. Good game if you like Prop hunt or any hide and seek games get this :). Good game if you like Prop hunt or any hide and seek games get this :). THE BEST PROP HUNT GAME TO DATE This is much better than gary's mod prop hunt and nowhere near the amount of hassle to run or play. I would happily pay u00a313.99 and this game is a steal at just u00a33.99, the game is so much fun running around as diffrent items being chase by the operatives who are trying to kill you which in turn then turns you into an operatives. It's still early days for the game with updates getting rolled out every month but as it stands just now its a blast with friends so much fun.. THE BEST PROP HUNT GAME TO DATE
